

# BRETT HALSEY

## Full Stack Developer

Meet Brett Halsey, a seasoned full stack developer with over 26 years of programming experience. Throughout his career, Brett has displayed a knack for innovation and an uncanny ability to adapt to the ever-changing tech landscape.

### ESPECIALLY REWARDING PROJECTS

- One of Brett's standout achievements was developing a project database for his former company. This database streamlined project management by organizing project data, media assets, and finances, ultimately boosting productivity across the board.
- Not content with just the tech stuff, Brett also brought some fun into the workplace by introducing gamification elements to company events, making work feel more like play.
- When the COVID-19 pandemic hit, Brett stepped up to ensure his company smoothly transitioned to virtual events, keeping the team connected and motivated during challenging times.

### HAPPINESS OUTSIDE OF WORK

- Despite his busy professional life, Brett's biggest joy comes from spending time with his wife and six kids. Family time is sacred to him, and he cherishes every moment he gets with his loved ones.
- Away from the computer screen, Brett's a bit of a 3D printing enthusiast. He loves crafting Marvel figures and painting them with meticulous detail, unleashing his creativity in his downtime.
- And let's not forget vacations—Brett's all about exploring new places with his family, making memories that'll last a lifetime.

In both his professional endeavors and personal pursuits, Brett Halsey is known for his dedication, innovation, and a genuine passion for what he does.
